Company Name : Unified Mentor Pvt. Ltd.

Intern Name : Aryan A. Phadnis

Project Topic : *E-Learning Website Auditing and Digital Marketing Implementation*

Website Selected for Audit : Coursera

Abstract :

This project focuses on analysing and auditing the e-learning platform **Coursera** to identify areas for improvement in user experience, SEO performance, and digital marketing strategies. The study evaluates website structure, content quality, search engine optimization practices, and social media presence. Based on the analysis, a comprehensive digital marketing strategy including SEO, social media marketing, and content marketing is proposed to increase organic traffic, improve engagement, and enhance conversion rates.

Introduction :

E-learning platforms have transformed the education industry by providing accessible and flexible learning opportunities. Platforms like **Coursera** offer courses from universities and institutions worldwide.

Digital marketing plays a critical role in the growth of such platforms. Search engine optimization, social media marketing, and content marketing help e-learning companies attract learners and build brand awareness.

This project focuses on auditing Coursera's website and developing a digital marketing strategy to improve visibility, traffic, and user engagement.

Objectives of the Study :

- To analyse the website structure and performance of Coursera
- To identify SEO strengths and weaknesses
- To evaluate social media marketing strategies
- To suggest improvements in website design and user experience
- To develop a digital marketing implementation plan

Research Methodology :

The study is based on **secondary research and digital tools**.

Data Sources

- Website analysis
- SEO tools (Google Keyword Planner, SEMrush conceptually)
- Social media analytics
- Online reports and articles

Research Approach

- Website audit
- Competitor comparison
- Digital marketing strategy development

Company Overview :

Coursera is a global online learning platform that provides courses, certificates, and degrees from universities and companies.

Key Features

- Online courses
- Professional certificates
- Degree programs
- Skill development training

Business Model

- Course subscriptions
- Certification fees
- University partnerships

Website Audit Analysis :

Website Strengths

- Clean user interface
- Wide variety of courses
- Strong brand credibility

Areas for Improvement

- Course discovery can be improved
- More personalized recommendations
- Improved blog SEO structure

SEO Strategy :

On-Page SEO

- Optimize meta titles and descriptions
- Improve keyword usage in course pages
- Add internal linking

Off-Page SEO

- Backlink building through educational blogs
- Guest posting strategy
- Collaboration with influencers

Technical SEO

- Improve page loading speed
- Mobile optimization
- Structured data implementation

Social Media Marketing Strategy :

Coursera uses platforms like:

- Instagram
- LinkedIn
- YouTube
- Facebook

Recommended Strategy

- Educational reels and short videos
- Student success stories
- Skill-based content marketing
- Weekly live learning sessions

Expected Results :

Implementing the proposed digital marketing strategy can lead to:

- Increase in organic traffic
- Higher course enrollments
- Better user engagement
- Stronger brand visibility
